Guard your Freshness with a Cigarette that's always FRESH

MAKE no mistake about it. FRESHNESS is an important quality in a cigarette. Stale tobacco burns hot, tastes flat and is definitely irritating, so tests show.

The prize crop tobaccos in Old Gold are selected, aged and blended with skill born of 178 years' experience.

But Lorillard does not stop there. Every pack of Old Gold is double-sealed; wrapped in two jackets of Cellophane instead of one, to shut out dampness, dryness, dust.

Thanks to Old Gold's better tobacco and guaranteed FRESHNESS... you can smoke as many Double-Mellow Old Golds as you please, without "Cigarette Hang-Over."
